NEVER DESPAIR OF LIFE!

KELLEY & CO'S
HIGHLY CONCENTRATED
SARSAPARILLA

Cures the Worst Diseases that ever preyed on the Human System, and saves Thousands of Lives Annually!!

10,000 CASES

Of SCROFULA cured by it this year, and 1,000 Cases DYSPEPSIA and HUMORS of which *proof* can be furnished. This is the only medicine known to cure these diseases

THIS Sarsaparilla will bear TWO QUARTS OF WATER to a Bottle and then be as superior to any in use. It is put into the Bottle its FULL STRENGTH and power without reducing it and this is done for the special benefit of those who use it, as it is objected to all other Sarsaparillas that they are Weak Clumsy, Adulterated, Sickish and are wholly incapable of reaching the seat and cause of the disease. But this Sarsaparilla comes warranted to be

Six Times Stronger

than any other, and Six Times Better, Safer, Surer, and Cheaper than all others. *THIS* Sarsaparilla has bestowed on it some of the best MEDICAL Talents and Skill in the world, and CURES all the Sickness KILLS all the Pain, and REMOVES all the suffering that it is in the power of Man as means to do. It Cures

Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum, and every Disease which arises from **Impure Blood!**

CONSUMPTION CURED WITH
KELLEY & CO S SARSAPARILLA

A PHYSICIAN, who is truly the most distinguished of any in a large City for professional skill CERTIFIES, astonishing as it may seem, that he actually CURED a case of **Consumption** with Kelley & Co's Sarsaparilla, and says that he has no medicine in which he has so much confidence for **Diseases of the Lungs."** Some will marvel at this REMARKABLE Cure, but hundreds are knowing to the fact. This INESTIMABLE Sarsaparilla is also doing wonders in foreign cures And save

SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of England, "that there is no other medicine which is CAPABLE of doing so MUCH GOOD, and yet so INCAPABLE of doing injury." What distinguished compliments are these! Never was there a medicine honored with STRONGER RECOMMENDATIONS. It CURES when every thing else fails, the

Severest Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased and the DART OF DEATH seems ready to strike the sufferer. And the reason for this is, that it makes the **BLOOD** perfectly Pure Rich Healthy, Quick, Free, Nutritious. It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE, where the Liver is Swollen and Painful, Strength wasting, Appetite gone, Pulse weak, or Feverish, Skin yellow Nerves deranged. It restores Health, Strength, and Vigor to every disordered function of the System—causing them to move on just as Nature requires. And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public justly style it the

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas, is, that it does not tamper with the patient, or prolong his sufferings. But it first attacks the disease and stops it, then removes it, then brings up the flesh and strength in a perfectly pure Blood so that the cure is always thorough and permanent. Others only scatter or lock in the disease but this EXTIRPATES it wholly from the system—this saves the patient's life, while others endanger it. The whole Body is made so healthy by the use of this GIANT MEDICINE, the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant, that **Medical Colleges, Professors,** and Physicians always prefer it, for the sake of its Superiority. Try it, all you who are seeking the PRICELESS BLESSINGS OF HEALTH!

Ladies, Married and Unmarried!

It is for you, especially that this Sarsaparilla is made, as the "HEALING ART" has been tasked to the utmost to have it exactly suited to FEMALE COMPLAINTS. These Complaints have never been cared for as they ought, hence it is that all the medicines which are used with the hope of Cure, so invariably and entirely fail. But this Sarsaparilla has the SPECIAL ability, to cure every Disease Affliction, or Pain, which comes under this head. It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches, Pimples, Freckles

DR. CUMMINGS'S
Compound Extract of Sarsaparilla and Dock.

THE articles above named are the principal ingredients of this medicine. With these others of vegetable origin are combined designed to render them more active and consequently more immediately effective

The Dock, or rather a species of it now ranks as a medicinal plant second to no one of the vegetable kingdom. With the aid of a distinguished chemist whom the proprietor has consulted in the preparation of the compound he has succeeded in overcoming the difficulty, of preserving the extract of the root for any considerable length of time

For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound and is perfectly satisfied that they possess all the properties which have been ascribed to them. Recently he conceived the idea of uniting them, which has resulted in the production of the compound. In this the ingredients are found to act in harmony and to lose none of the qualities which they separately possess.

A larger portion of Sarsaparilla is soluble than has generally been supposed. The extract most to be relied on and least liable to decomposition is procured by subjecting the root to the action of the menstruum usually employed in extracting its virtues, for a long time without heat or any other accelerating agent. None is permitted to be used in the compound, that has not been obtained by this process and that has been less than a year in preparation

The Compound is recommended for Scrofulas Erysipelas, Ulcerous affections Eruptions, and Mercurial diseases. Also for the numerous maladies arising from sedentary employments occupations of a harassing and fatiguing nature intense application, exposures to extremes of heat and cold overtasking the physical powers and other abuses of the constitution among which are Neuralgia, Piles, Affection of the Liver Bilious Complaints and Dyspepsia or Indigestion

In diseases of warm climates with which the proprietor became familiar in his practice in Havana some years since, the compound will prove particularly efficacious, both as a remedy and a preventative,

This medicine has been for some time in use in this city, where the proprietor has passed nearly half a century of his professional life. It was extensively prescribed by him while in practice and it is believed to be in favor with his medical brethren in general, to whom he is known.

Prepared only by Dr Stephen Cummings and sold at wholesale and retail by Joshua Burgin & Co. No 143 Middle street, and Edward Mason, No 153 Middle street—only agents for Portland

The Great Remedy for Gonorrhœa

GLEET, Stricture and all analagous complaints, is Dr DOUGLASS'S ARABIAN PASTE. Dr Douglass is well known having practiced in the principal cities in the Union during the last 40 years. His only reason for introducing the Paste in this public manner, is the conscience that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks

Dr D most solemnly affirms that during his practice of forty years, his Paste has never, in one single instance failed of effecting a cure in a few days without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days the angry symptoms disappeared and the patients were discharged, entirely cured

If the unfortunate instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste we should not see so many emaciated bodies and sallow countenances as we do at the present time

☞In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchasers on returning the empty boxes

For sale only by the original inventor and sole proprietor, Dr PETER G DOUGLASS, at his Office No 56 Union street, Boston at $5 per box where he can be confidently consulted on every disease incident to the human frame and the patient rely upon the most beneficial course of treatment that can possibly be adopted

COMPOUND SYRUP OF
Sarsaparilla and Pipsissewa,
Prepared only by
ALBERT EMERSON,
DRUGGIST AND APOTHECARY,
Apothecaries' Hall, 4 Smith's Block,
BANGOR.

THIS article is confidently recommended as a cure for all diseases arising from an impure state of the Blood such as *Scrofula Salt Rheum Syphilitic and Mercurial Diseases Ulcerous Sores Pimples and Diseases of the Skin generally*. This Syrup is highly approved by the Medical Faculty and is recommended as an internal remedy only for the purpose of an alterative or as some would express the same thing to purify and renovate the system in all long standing diseases where the fluids of the body have become vitiated

Pipsissewa (the *Chimaphila Umbellata or Pyrola Umbellata* as it is variously called by Botanists) was first employed medicinally by the Aborigines of America and was first introduced to the notice of the medical profession in 1803 by the late eminent Physician Dr S L Mitchell of New York. Dr Pereira of London says that it is an alterative in Scrofula and in other chronic diseases—it is generally supposed to possess almost specific powers, and Dr Paris of London speaks of a practitioner who relies wholly for success upon Pipsissewa by which he is enabled to cure Scrofula in its worst forms

When taken into the stomach it acts as a tonic producing an agreeable sensation and assisting the appetite and digestive process. It promotes the action of the secreting organs more especially the Kidneys over which indeed it appears to exercise a specific influence. In order to insure essentially the benefit derived from Sarsaparilla we have most admirably combined the Pipsissewa with it so that its tonic and diuretic qualities will materially promote the good effects of Sarsaparilla

"If Gen. TAYLOR is elected he will do more to curb the Spirit of Conquest, and check the Spread of Slavery, than any other man the Whigs can elect." JOHN Q. ADAMS.

NOMINATING CAUCUS!

The Whigs of the city of Bangor, one and all, are notified that there will be a public Caucus at the

CITY HALL,

On FRIDAY EVENING, Sept. 8th,

at half past seven o'clock, for the purpose of nominating two candidates to represent this city in the Legislature of this State, Also, to transact such other business as may be deemed advisable.

Per order of the City Committee,

Bangor, Sept. 6, 1848

John Q. Adams' Opinion of Van Buren's course in the Amistad Case.

"The order (to take the negroes) was on its face positive, sweeping, unconstitutional. No specification of persons, no names, not even their number, *all* the negroes, late of the Spanish schooner Amistad, in his custody, under process *now pending* before the Circuit Court of the United States. ☞ Was this order given in a country where the rights of persons are words without meaning? In the Kingdom of Dahomey? In the Region where the bowstring is the warrant of Execution? It was given in the land of the Declaration of Independence—in the land of the self evident truth. ☜ It was given by a President of the United States! ☞ It was of course null and void, and if before the decision of the Court, it had been delivered to the Marshal, and he had executed it, he would have staked not only the lives of the negroes, but his *own head*, and that of MARTIN VAN BUREN, ☜ the signer of the order, upon the event."

☞ The editor of the Bangor Democrat generally contrives, just before every election, to put forth something to frighten his readers into the belief that the Whigs have secretly set in motion some machinery, intended to blow up and ruin the loco party. The last Democrat has the usual scarecrow, and it is very amusing. "A Whig Tract Privately Circulated," is the caption, and then follows a statement that a tract of four pages, for secret circulation, has been issued by the whigs, setting forth the position of several of the candidates on the subject of the Wilmot Proviso.

The eloquence of the types are agonized to give the impression that this pamphlet is secret, and all all that sort of thing! Well the simple facts are, that this little 'tract' is nothing more and nothing else than the leading editorial article of our Daily paper of August 26th, and which appeared in our Weekly paper of the 29th of August. It was then, at the request of several of our friends, thrown into the form of a 'tract,' for general distribution.

This is the plain, simple matter of fact statement regarding the 'secret tract' which has so much disturbed the nerves of the editor of the Bangor Democrat, and with which he is expecting to galvanize his party for the election on Monday next! It strikes us that this senseless outcry of the Democrat partakes very largely of the ridiculous.

All the Whig papers in Ohio except four have hoisted the Taylor flag.

Worthy of Consideration.

The New York Whig Union suggests some matters which are worthy the consideration of the Whigs generally throughout the country and particularly of those Whigs who from various motives are opposing the election of Gen, Taylor to the Presidency.

For many years the Whig party has denounced party strife party malevolence, its corruptions, its intrigues, its villainy. It has assailed those spoil hunters and placemen who are ever ready to sacrifice their country to their private interests—who are willing to have war, or famine, or pestilence if it will only spare them, and give them money If there ever was an issue strongly made by the Whig party, it is this, that our country should not be sacrificed at the shrine of selfishness, nor good men be destroyed by the buffalo tramp of furious partizanship

Well, after years of exertion to instill these principles into the minds of the people, they have at last been called on by their own representatives in Convention to support a man who exactly answers the description of a politician who is a thorough Whig, but not a persecuting one, and who, like Jefferson, regards his fellow countrymen with equal favor, who does not believe that a President should be a party tool, and the mere hack of desperate politicians. They find such a man at the very moment when they want him, both to prove their own sincerity, and to meet the exigencies of our political affairs.

They should fall down on their knees and thank heaven for "giving them such a man." Yet strange to say, there are those who claim to be so thoroughly and ultra Whig who now stand ready to sacrifice their party and their country to their private griefs because their long cherished principles are likely to be realized, by an agent, who, under the blessing and direction of God is to effect the change, was not *their* first choice!

After calling for moderation and patriotism and finding the very person who represents these virtues, they are determined to oppose him.

Official.

DEPARTMENT OF STATE, }
Washington, 29th Aug. 1848. }

NOTICE OF BLOCKADE. Official information has been received from the Danish charge de'affaires in the United States, to the effect that his government has determined to cause the blockades, already in force, to be extended to the outlets of the river Elbe, Weser, and Jahde in the North Sea, and to the port of Griefswalde and the eastern inlet to the port of Stralsund, in the Baltic—to take effect from the 15th instant.

Neutral packet ships will be allowed full liberty to carry on the regular postal communications as now established, provided always they they do not carry articles contraband of war.

For Oregon.

Orders have been received at St Louis, from Washington, for Company C, of the Rifle Regiment, Capt. Rogers, and Lieut. Elliot and Hawkins to repair to fort Leavenworth, and there await the orders of the newly appointed Governor, Gen Lane, for Oregon. The company were to leave Jefferson barracks on the 24th ult. The command, it is said, is to go out with packed mules, and without any other baggage train, so that the trip may be made speedily as possible.

For the Whig & Courier.

The Presidential Election—Its Importance.

Great efforts have been made by the partizans of Van Buren and a few disaffected Whigs, who support Van Buren because Taylor is not Whig enough for them, to magnify the question of Territorial Government for the newly acquired Territory and make it paramount to all others. Their great effort is now to convince the people that all other questions growing out of the Presidential election are thrown into the shade by this. They do not consider, or do not comprehend that this very question, important as they consider it, is to be decided by the Election of President. If Cass is elected, he will consider his views, endorsed by a majority of the people, and he will be compelled to follow, to satisfy the demands of party. The Democrats in three fourths of the free States as a party are opposed to the restriction of Slavery in the Territories

The Whigs on the other hand are generally in favor of the restriction in the same States.—Taylor or Cass must be elected—there is not the slightest probability that Van Buren can get a single electoral vote—he must, to get one, carry some State, and this there is no prospect of now.

But far weightier considerations than the restriction of slavery in the Territories are bound up in the coming Presidential Election—that question is safe enough—the eyes of the Whigs in the free States are open and the question may be considered as settled by the Oregon bill, and California and New Mexico must follow.

In the coming election, is to be settled the great question of our Foreign policy. There has been a departure from the course pursued by former Presidents, in our Foreign relations The Democratic party have started this Republic for the first time during its existence, in a course of conquest and aggression towards other States—it has avowed hostility to all other governments—and forbid all European governments in interfering on this continent. The leading men of this party, and among them is Cass—have avowed their determination to extend our limits to the utmost—till all Mexico, is annexed—Cuba, Jamaica, and Yucatan—and this too with or without the consent of their parent government—so that the action of our Government, in obtaining Texas, New Mexico and California is to be systematised in the hands of the Democratic party, and the course of wrong, robbery and plunder pursued till the whole North American continent comes under our rule.—Can any one say this is visionary, or impossible?

Let him look at things four years ago, when that party first broached the annexation of Texas. It was said that Texas had reached out her hand to us, and we ought to accept it—the Whig party throughout the whole Union raised its voice against it—told the people, war, pillage and robbery of Mexico would follow.—Instead of Texas, which Polk congratulated the country in annexing in his inaugural address, and which was declared peaceable and bloodless what have we got?

We have torn from Mexico, New Mexico, California and the strip of Territory [illegible] the Rio Grande [illegible] enough for a new [illegible] thirteen.

The Democratic party appears to be thoroughly imbued with the spirit of conquest and if in power, no obstacles will be allowed to oppose its progress—the whole power and resources of this people, warlike and abounding in resources, will be brought into requisition to bend or to subdue every little State that may oppose us—The dismemberment of Mexico, and the acquisition of the vast Territory obtained by conquest will only stimulate the desire, and push us on to others of greater magnitude......

Cass declared himself, over and over again in the U. S Senate, in favor of a vigorous prosecution of the war in Mexico; and even urged the bill for ten Regiments more of men, after the stipulations of a treaty had been signed and notice of it had arrived in the country—he said we wanted 'more room' when discussing the question of war on Mexico—and on the Oregon bill said, 'the hearts of this people must be prepared for war' He was selected by the war dogs of that party as the candidate for President, by the Allens, Hannegans, and Houstons of the party, who have been first and foremost in annexation and war—this spirit of war has not subsided with the peace with Mexico.

We now see Buffalo hunts set on foot by the officers in Mexico, and winked at, if not encouraged by the Cabinet at Washington, for the purpose of wresting from distracted Mexico more territory—to again act over the Texas game—our citizens in a foreign country stiring up rebellion and resistance to the lawful government, and leading on the people to revolt—and then propose their Territory for annexation! and no excuse, or mitigation for this course of iniquity, but the reply that it is our 'manifest destiny.'

If Cass is elected President, war, conquests, and further annexations must follow, no power on earth can prevent it—his party will hold, the purse and sword in their own hands—their intentions are plain—there can be no denial of it, because, the leaders of the party have declared it—Cass among them—Cass was denounced by the more considerate of the party on the Oregon question, as a demagogue and a dangerous man—he used all his influence in the Senate to involve us in a war with England.

If the people of this country wish another war for Territory, and the whole energies of this people turned to conquest, and the spoliation of other nations, let them elect Lewis Cass. He wanted 'more room' in the Mexican war and denounced every one who opened his mouth against it—as a Mexico Whig—who gave aid and comfort to the enemy.

All admit that Gen Taylor is an honest man, if so, he will be death to all those schemes of aggrandizement and war

He has fully pronounced against it all and declared that 'war was one of the greatest evils'—and that it was unwise in us 'to stand on foreign territory instead of our own.' Gen Taylor has in every place assigned him for the last thirty years done his duty boldly and fearlessly—he has never intrigued for a nomination of the Presidency—but has declared his intentions to administer the government according to the constitution if he is elected. He has shown himself a bold, independent honest man in all his acts either with the Government under whose orders he has been, or with the different parties who have wished to make him their candidate.

Cass has played the demagogue all his life long—he has sold himself to the South on the slavery question—he is entirely destitute of any political principles—he can name no great measure of policy that has divided the country and say what his opinion is now.

If he is elected, he is to sit and watch over the action of parties at the capital, apply the veto when the interest of the Democratic party requires it and give the offices to his friends.

☞ We shall commence to-morrow the publication of Mr Webster's great speech delivered to his townsmen at Marshfield on Friday last It is a noble speech.

☞ Thanks to Messrs Cushing, Hinman, and Lowell, of the steamer State of Maine, for papers received yesterday, in advance of the mail.

☞ Thanks to Jerome & Co's Express, for papers received yesterday, in advance of the mail.

☞ Gen Cass is a man of two lives, four faces, five salaries and ten sets of rations. If elected to the Presidency, he would no doubt want two cabinets, four tariffs, five wars, and ten Presidential terms.—Louisville Journal.

Punch says, 'It may be proper to state that the distinguished personage known among the ancients by the name of Cupid, has recently changed his name to Cupidity; and will hereafter devote his attention to matters of money as well as love affairs.'

A Piece of Genuine Poetry.

Those of our readers who love good Poetry will not fail to read that beautiful and touching Poem on our first page, entitled "Lament of the Widowed Inebriate." It does one good, in this day, when the Magazines and Newspapers are filled with sickening love-ditties, and the wishy-washy stuff, called by the authors "original poetry," to come across a piece of *genuine* poetry, such as this. We feel a pleasure in reading it, and rise from the perusal with a better heart and more firmly attached to a virtuous life.

The Poem first appeared in the Auburn Journal, in a letter from a friend in Boston, who stated that he visited Prof. Longfellow at his rooms in old Harvard. The poet was in fine health and spirit, and gave me some stanzas entitled 'The Lament of the Widowed Inebriate,' by Duganne, which I enclose for the gratification of the readers of your paper. They breathe the true spirit of poetry, and surpass in tenderness, beauty, pathos and delineation of heart-broken sorrow any thing I ever saw. Longfellow says they are enough to immortalize any poet. And the poor inebriate! How just, how true they are! what a daguerreotype likeness of the inebriate [illegible] have we in that Poem.

[Nash. Rep., Pa.

Lament of the Widowed Inebriate.

BY DUGANNE.

I'm thinking on thy smile, Mary—
Thy bright and trusting smile—
In the morning of our youth and love,
Ere sorrow came, or guile—
When thine arms were twined about my neck,
And mine eyes looked into thine,
And the heart that throbbed for me alone,
Was nestling close to mine!

I see full many a smile, Mary,
On young lips beaming bright,
And many an eye of light and love
Is flashing in my sight.
But the smile is not for my poor heart,
And the eye is strange to me,
And loneliness comes o'er my soul,
When its memory turns to thee!

I'm thinking on the night, Mary,
The night of grief and shame,
When with drunken ravings on my lips,
To thee I homeward came—
Oh! the tear was in thy earnest eye
And thy bosom wildly heaved,
Yet a smile of love was on thy cheek,
Though thy heart was sorely grieved.

But the smile soon left thy lips, Mary,
And thine eyes grew dim and sad;
For the tempter lured my steps from thee,
And the wine cup drove me mad;
From thy cheek the roses quickly fled,
And thy ringing laugh was gone,
Yet thy heart still fondly clung to me,
And still kept trusting on.

Oh! my words were harsh to thee, Mary,
For the wine-cup made me wild;
And I chid thee when thine eyes were sad,
And I cursed thee when they smiled—
God knows I loved thee even then,
But the fire was in my brain,
And the curse of drink was in my heart,
To make my love a bane.

'Twas a pleasant home of ours, Mary,
In the spring-time of our life,
When I looked upon thy sunny face,
And proudly called thee wife—
And 'twas pleasant when our children played
Before our cottage door;
But the children sleep with thee, Mary,
I shall never see them more!

Thou'rt resting in the church-yard now,
And no stone is at thy head!
But the sexton knows a drunkard's wife
Sleeps in that lowly bed;
And he says the hand of God, Mary,
Will fall with crushing weight
On the wretch who brought thy gentle life
To its untimely fate!

But he knows not of the broken heart,
I bear within my breast,
Or the heavy load of vain remorse,
That will not let me rest.
He knows not of the sleepless nights
When dreaming of thy love,
I seem to see thine angel eyes
Look coldly from above

I have raised the wine-cup in my hand,
And the wildest strains I've sung
Till with the laugh of drunken mirth
The echoing air has rung.
But a pale and sorrowing face looked out
From the glittering cup on me,
And a trembling whisper I have heard,
That I fancied by thee.

Thou'rt sleeping in the peaceful grave,
And thy sleep is dreamless now,
But the seal of an undying grief
Is on thy mother's brow;
And my heart is chilled as thine, Mary,
For the joys of life have fled,
And I long to lay my aching breast
With the cold and silent dead.

NEW AND Important Discovery.

GRAY HAIR can be restored to its original color, whether auburn, Brown, Black, dark, or Light. Red or Gray Hair can be matched with any desired shade, surpassing in beauty even the most natural locks, retaining the gloss and softness of the original Hair, by using O. M. Ballard's

Permanent Liquid Hair Dye,

Of one preparation, which is entirely different from all other preparations of Hair Dye now before the public. *It is free from all injurious properties, which can be tested* by a lock of the finest and most delicate Hair of an infant and color it with the Dye, which *will not impair its gloss or its texture* in the slightest degree, which is the best evidence that can be given that it is not Poisonous! On the contrary, it preserves the lustre of the Hair, promotes its growth, and prevents it from falling out, and unlike other preparations, (after the Hair is colored and dry) will not crock, fade, or wash out.

In short, from its peculiar delicacy, softness, and easy application, it is worthy the attention of all who may wish to improve the color of the Hair as it will make any shade from a white to a jet black. It is now used to an unaccountable extent, by persons who have prematurely turned gray, and others whose Hair is of no desirable color, which they restore or exchange for a beautiful Auburn, Brown or Black, without any additional preparation or the slightest trouble.

MRS. E. KIDDER'S
DYSENTERY CORDIAL,
—AN—
Immediate & Perfect Cure
—FOR—
CHOLERA MORBUS, DYSENTERY DIARRHŒA, SUMMER COMPLAINTS OF CHILDREN SEA SICKNESS GENERAL DEBILITY etc etc

WHERE this all powerful antidote is at hand Cholera Dysentery and Chronic Diarrhœa are no longer to be seriously feared or looked upon with terror—as this Cordial will most assuredly cure the disease in the course of a very few hours if taken at the commencement.

It has been before the public for more than sixteen years and was the first article made known to the public as an immediate and perfect remedy for these complaints It has been thoroughly tested in every country and every climate and its effect has every where proved the same—SURE TO CURE, even where the disease has advanced to the last stage The public may rest assured that it contains neither opium or mineral substances or any thing that is in the least injurious to the constitution

Cholera and Common Cholera Morbus

The Cordial immediately checks the vomiting relieves the pains stops the Diarrhœa and restores the bowels to a perfectly regular and healthy state, however severe the attack may be or however low the patient may have become it invariably restores

Severest cases of Dysentery,

are immediately counteracted the pains are allayed the bowels healed and not unfrequently the bowels become perfectly regulated and restored in the short space of ten or twelve hours

Chronic Diarrhœa,

either in children or adults of months or years continuance, are most ready cured with this Cordial, notwithstanding they may be reduced to a mere skeleton it immediately strengthens and shortly restores them to perfect health

Cholera Infantum

It has saved the lives of many thousand children when reduced to death's door by this complaint, it gives them immediate relief, and they very soon recover

Sea Sickness

It is a most pleasant and desirable remedy for Sea Sickness. It checks the vomiting and readily restores the patient. It invariably checks vomiting produced from any cause whatever

Children that are Teething,

if inclined to Diarrhœa should always be provided with this medicine as it will keep the bowels regulated, and keep off the Canker. It is wholesome safe and pleasant to the taste, and children are fond of it and will take it without the least dislike

For General Debility and Dyspepsia.

It is a most excellent restorative giving a healthy tone to both the stomach and bowels and prevents food from pressing on the coating of the stomach

☞CAUTION

Beware of those impositions which are daily palmed off upon the public bearing the name of my article which is CHOLERA MORBUS DYSENTERY AND DIARRHŒA CORDIAL, which name imposters have corrected. Also they have copied my advertisements and prefatory addresses. Doubtless they have done this for the purpose of palming off their worthless articles at the expense and reputation of this original and most popular medicine that ever came before the public

Be sure that you obtain MRS E KIDDER'S Cholera Morbus Dysentery and Diarrhœa Cordial and you will get the only true and original article which has ever been held in the highest estimation by the public throughout the whole country

It is put up in bottles holding nearly a quart intended for family use and sold at One Dollar a bottle.

M'Alister's All-Healing Ointment.

WHEN this Ointment is worn upon the chest and warmed into the feet it not only acts upon the organs of the chest, but the whole nervous system feels its influence It moves along the nerves and thus finds its way to the liver lungs stomach and brain imparting increased activity and energy to these organs, while it separates and sets free every impurity or humor that may be lodged there and expels it to the surface Hence the extraordinary rapidity and certainty with which it cures asthma coughs and liver complaint Also headache, agues, consumption and spinal diseases

Its first action is to open the pores of the flesh, impart tone and nervous energy to the skin, and then penetrate to any part of the internal viscera, and expel diseased and impure particles from the system It performs precisely in sickness what nature performs for herself in health having the full use of every function of the body

It is this power which enables the ointment to sweep off all cutaneous eruptions skin diseases of every nature also to subdue all inflamations fevers and all bowel complaints—in short by keeping the pores of the skin open and restoring health and nervous energy to all the organs of the body

OFFICE OF THE COLUMBIA DEMOCRAT, Bloomsburg Columbia Co Pa,
March 4 1848

Dr William Wright—Dear Sir—I am one of the many whose aversion to quack nostrums has deprived them of the benefits resulting from the use of good medicines Acting under this influence I have seldom resorted to the Pill box Last March when you commenced advertising in my paper, I was induced to give your Indian Vegetable Pills a trial, and after having fairly tested their merits for myself and family gave them a decided preference over every other preparation

In every instance, when afflicted with sick head ache, or when the stream of life was encumbered with morbid humors, I found speedy relief from the use of your Pills By taking from four to six on going to bed when indisposed I have always been restored to health without loss of time and without the expense of a physician Wright's Indian Vegetable Pills possess the distinguished merit of operating effectually without disturbing the rest of the patient and in my case without producing even sickness at the stomach

Respectfully, your friend &c
LEVI L TATE

[From the Delaware Express Delhi, N Y]

WRIGHT'S INDIAN VEGETABLE PILLS—Although not particularly friendly to patent medicine we must confess that we have become a convert to these pills having had an opportunity on one or two occasions to test their efficacy For a gentle medicine one or two will be found mild though effective Where bile or other impurities have accumulated and more thorough medicine is required a dose of three or four of these pills taken on going to bed will be found effectual in cleansing the stomach and restoring the bowels to a healthy state We speak from experience, and take pleasure in commending the pills to the public

Look out for Counterfeits!

Some are coated with sugar others are made to resemble in outer appearance the original article The safest course is to purchase from the agents only one or more of whom will be found in every town and county in the State

Dillow's Celebrated
HEAVE CURE!!!

Which has been used with such astonishing effect in France and England for the last twenty years is now, and has been in the last two years performing the most wonderful cures ever on record in this Country More than

- 2000 cases of Heaves
- 2500 cases of Chronic Coughs and Colds
- 1000 cases of Catarrh and Nasal Gleet,
- 1000 cases of Affection of Brochial Tubes and Glands,
- 500 cases of Thick and Broken Wind and
- 800 cases of Inflamation of the lungs

Have been cured by this extraordinary remedy since its introduction in the United States The following is one of the hundreds of certificates in our possession proving its Universal efficacy

NEW SCOTLAND, Albany Co , N Y
February 17th, 1848

Messrs FORD & GRANT Gentlemen—I herewith transmit to you, my certificate, for the benefit of those who may have horses similarly afflicted

I hereby certify that one of my best horses in the winter of 1846-7, became afflicted with the heaves in the most aggravated form—which I allowed to run between three and four months, without doing anything for him Having heard of the unparalleled popularity of Dillow's Heave Cure I purchased three papers of it, gave it to him, and it entirely removed the disease. From that time to the present he has been in a perfectly sound condition.

JAMES M WILLIAMS

UNIVERSAL CONDITION MEDICINE
Read the testimony of an eminent Boston Farrier

BOSTON January 9th 1848

Messrs Ford & Grant Gentlemen—At the request of your Agents here I send you my opinion of your celebrated Dillow's Heave Cure As an *Universal Condition Medicine* as well as a sure cure for the Heaves and all diseases arising from an affection of the bronchial tubes, parotid and submaxillary glands and the lungs, and also from its genial and alterative properties I recommend it to be the best medicine extant for cases of Farcy, Surfeit, Chest Founder, Dropsy of the Skin and Chest, Fever Pleurisy, Jaundice, Hide Bound and Inflamation of the Kidneys and Mange I conceive it to be a vegetable compound which operates upon the animal system in the same manner that Yellow Dock and Sarsaparilla operates upon the human system I would call the attention of the horse owning public to the fact that nine tenths of the above Diseases are contracted through neglect during the Moulting Season or time of changing the hair, which takes place during the most inclement seasons in the whole year, at which time, if the horse is exposed and neglected, the pores of the skin close up, and the circulation of the fluids cease If left in that condition, Disease in some form must ensue It is at this time that I consider your *Inestimable Powder* indispensible, as it operates upon the porous and fluids of the skin and causes the hair to fall off in due time makes way for the new and imparts to it a fine and glossy appearance

CAUTION—The astonishing success of Dillow's Heave Cure for the last two years, in the U States, has induced several persons to imitate and counterfeit it and even go so far as to caution the public against it and ende[a]vor thereby to palm off their nostrums as the only genuine article We declare that "*Dillow's Heave Cure*" is the first article of the kind ever introduced into the United States, and we here by offer the sum of *one thousand dollars* to any person who will prove to the contrary. Consequently all others must be imitations

RHEUMATISM

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured The most severe and chronic cases are weekly eradicated by its extraordinary virtues

James Cummings, Esq one of the assistants in the Lunatic Asylum Blackwell s Island, is the gentleman spoken of in the following letter

Blackwell's Island Sept 14 1847

Dr Townsend—Dear Sir I have suffered terribly for nine years with the Rheumatism considerable of the time I could not eat sleep or walk I had the most distressing pains, and my limbs were terribly swollen I have used four bottles of your Sarsaparilla and they have done me more than one thousand dollars worth of good I am so much better—indeed I am entirely relieved You are at liberty to use this for the benefit of the afflicted Yours respectfully

JAMES CUMMINGS

FITS! FITS! FITS!

Dr Townsend not having tested his Sarsaparilla in cases of Fits of course never recommended it and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Fordham, August 13, 1847

Dr Townsend—Dear Sir I have a little girl seven years of age who has been several years afflicted with Fits we tried almost every thing for her, but without success, at last although we could find no recommendation in your circulars for cases like hers, we thought as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did for it not only restored her strength but she has had no return of the Fits to our great pleasure and surprise She is fast becoming rugged and hearty, for which we feel grateful Yours respectfully,

JOHN BUTLER, Jr

FEMALE MEDICINE

Dr Townsend s Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri or Falling of the Womb Costiveness Piles Leucorrhea or Whites, obstructed or difficult Menstruation Incontinence of Urine or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes produced by irregularity, illness, or accident Nothing can be more surprising than its invigorating effects on the human frame Persons all weakness and lassitude from taking it at once become robust and full of energy under its influence It immediately counteracts the nervelessness of the female frame which is the great cause of Barrenness—It will not be expected of us in cases of so delicate a nature to exhibit certificates of cures performed but we can assure the afflicted that hundreds of cases have been reported to us Thousands of cases where families have been without children after using a few bottles of this invaluable medicine have been blessed with fine healthy offspring

TO MOTHERS AND MARRIED LADIES

This extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period *The turn of life*" should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life This period *may be delayed for several years by using this medicine* Nor is it less valuable for those who are approaching womanhood as it is calculated to assist nature by quickening the blood and invigorating the system Indeed this medicine is invaluable for all the delicate diseases to which women are subject

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease By using a few bottles of this medicine, many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN.

It is the safest and most effectual medicine for purifying the system and relieving the sufferings attendant upon child birth ever discovered It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness, Cramps Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins False Pains, Hemorrhage and in regulating the secretions and equalizing the circulation it has no equal The great beauty of this medicine is it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful Exercise in the open air and light food with this medicine, will always ensure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities is that which paints the countenance in the most exquisite beauty It is that which imparts the indescribable shades and flushes of loveliness that all admire but none can describe This beauty is the offspring of nature—not of powder or soap If there is not a free and healthy circulation, there is no beauty If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful If she be brown or yellow and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating

This is the reason why the southern, and especially the Spanish ladies, are so much admired Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexions, they should use Dr Townsend's Sarsaparilla Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station crowd our office daily.

NOTICE TO THE LADIES

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff *a great remedy for females*, &c &c , and have copied our bills and circulars which relate to the complaints of women, word for word—other men who put up medicine have, since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not A number of these Mixtures, Pills, &c , are injurious to females, as they aggravate disease, and undermine the constitution.

SCROFULA CURED.

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood. Three persons cured in one house is unprecedented

THREE CHILDREN

Dr Townsend: Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine.—They were afflicted very severely with bad sores have taken only four bottles, it took them away, for which I feel myself under great obligation. Yours respectfully,

ISAAC W CRAIN 106 Wooster st

CONSUMPTION CURED!
Buchan's Hungarian Balsam of Life.

THE GREAT ENGLISH REMEDY FOR COLDS, COUGHS ASTHMA and CONSUMPTION!

BUCHAN S HUNGARIAN BALSAM, the Great English Remedy for Pectoral and Pulmonary diseases still stands unrivalled and unsurpassed as the most elegant, agreeable, and effectual curative of these formidable complaints ever known to the civilized world

Three years time of trial in the United States, during which time it has been distributed from Maine to Florida has only served to establish its pre-eminent merit in all parts of the country, in the great and only ARKLESS REMEDY in the worst cases of Pulmonary disease, and the best and most agreeable curative of all the slight forms of colds, coughs and inflammations that can possibly be used

INCONTESTIBLE PROOFS
Of the efficacy of this Balsam in the worst forms of Consumption

IMPORTANT MEDICAL TESTIMONY

DR BRADLEE—Dear Sir—The Hungarian Balsam is, beyond all question, a most perfect and admirable preparation for diseases of the Lungs I have used it in my family, and in my private and general practice for more than two years with the most uniform and entire success in cases of *severe Pulmonary disease*, and I conscientiously recommend it to all who are afflicted, as the *most certain remedy* for such diseases with which I am acquainted Yours respectfully,

FREDERIC P STORER, M D

Saco Me , May 22 1846

Reliable Evidence of the Efficacy of BUCHAN'S HUNGARIAN BALSAM

[From the Christian Freeman]

While we repudiate quackery we are always pleased to give credit where it is truly due, and to give information which may benefit others A few days ago a brother of ours, from Norway Me came into our office in comfortable health, whom we did not expect to see again on earth We received a letter a few weeks since from another brother resident in the house with him saying, that he was confined to his bed and could not probably continue but a short time, Judge then of our surprise when we saw him enter our office He had a slight cough remaining, as it would be natural that he should have until he has had further time for acquiring strength of lungs But he is in comfortable health The following letter which he addresses to the general Boston Agent for the medicine which has rescued him so wonderfully will show what medicine has been the instrument of the good work

Boston Feb 16, 1847

Dr D F Bradlee—Sir—I cannot refrain from saying a word to you in commendation of Buchan's Hungarian Balsam of Life " Here is a plain statement of facts in relation to my case, and if they are of any service in inducing the sick to seek relief at the source from whence I obtained it, I shall be thankful

My residence is Norway, Me Three years ago last fall I took a violent cold which left a cough of the most aggravated kind accompanied by a severe pain in the left side. Last June I had become so feeble that I was obliged to quit all work, and was confined to the house until about four weeks since During that time I received the best medical attendance and tried nearly all the medicines which are recommended in such cases but could find no relief but grew worse and for the last three weeks was confined to my bed Two of my physicians gave me up as past recovery But as Fortune would have it, I heard of the Hungarian Balsam and immediately procured a bottle This gave me instant relief and six bottles have broken up my cough and placed me in a situation to resume, with advancing health, my usual occupation

BE WISE TO-DAY!

Delay in any case of Consumptive tendency is emphatically Death, under ordinary treatment The Hungarian Balsam is a great ANTIDOTE, as well as CURATIVE If you have any symptoms above described, be advised in time

Sold in large bottles at only one dollar per bottle

Patent Mill Wheels.
Timbey's Patent
Two Vent Cast Iron Water Wheels
—for—
SAW MILLS,
Invented by T R Timbey of Cato N. Y.

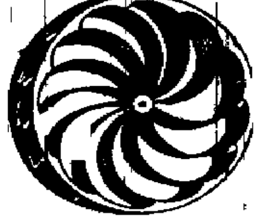
THE undersigned would invite the attention of the Public to the above named WHEELS, which have been thoroughly tested in *Competition* with all other popular

SAW MILL WHEELS

in use at the present time, and they can confidently recommend them with the same head and quantity of water applied as possessing and combining *more strength and Speed*, and giving a more *uniform* and *Steady Motion* in and out of the cut (and therefore not liable to break cranks) and will also run *longer* and *Saw more Lumber* under a low head than any other Wheel in use

Another advantage which this Wheel has over others is that it is constructed with but Two Vents for the discharge of water which makes the apertures larger and allows the "drift stuff" to escape without filling up the Wheel

Persons wishing to adopt the BEST WHEEL, will do well to call and examine before purchasing elsewhere



We would also call the attention of Mill Owners and Operators to

Valentine's Patent
Reversing Centrifugal Water Wheel,
—FOR—
"UPRIGHT SHAFTS,"

WHICH are adapted for driving all kinds of Machinery in Manufacturing establishments or Mills and are made of different sizes so as to give any amount of power required and from the reputation these Wheels have acquired by the successful operation of several hundred of them already sold and in use, we feel confident in recommending them as combining more advantages than any other Wheel, for perpendicular Shafts now used

As evidence of the merits of this Wheel we would refer to the following extracts from the report of experiments made with the same by ITHAMAR A BEARD Esq *Civil Engineer*—Lowell Mass who is well known as one of the most Scientific and experienced practical Engineers in this country

"This wheel is formed with curved floats the number depending upon the size and vent of the Wheel each extending so far around the Wheel that when the water arrives at the jets its pressure is so far expended that it falls very nearly inert from the Wheel The Wheel is enclosed in a cylindrical wooden curb or flume, in which the water stands at its full head, the column being sustained by the stationary plate underneath the Wheel so that it has no downward pressure upon the Wheel which stands perfectly free in the column of water and by this arrangement all the friction on the step and bearing of the Wheel is avoided and so much of the power saved which in the ordinary mode of operation is wholly lost

"This Wheel is adapted to low as well as high heads of water, and will run as well in back water as out of it, providing the head rises in a freshet as fast as the back water But a Wheel with the jets rightly gauged for a high head will not answer for a low one, and vice versa for as the head increases the width of the jets should be proportionably decreased, so that the water may not issue to waste, and not give its best effect to the Wheel

"In point of power, the trials show conclusively that this Wheel is superior to the best constructed Breast Wheels and it has the advantage of working with good effect in situations where the Breast Wheel would be worthless is less liable to need repairs, easily accessible when they are needed costs much less in the outlay, is much more durable, and takes very much less room in a mill or shop—Simplicity of structure durability of parts convenience of application and excellence of power are the grand points of recommendation for this Wheel

ITHAMAR A BEARD, *Civil Engineer*"
